

REMARKS

Formal Matters

Claims 21-42 are now pending in this application.

Original claims 1-20 have been canceled and new claims 21-42 have been added to more particularly point out and distinctly claim the invention. The newly added claims are believed to be fully supported within the originally filed application.

New claim 21 is supported within originally pending now canceled claim 7 and at numerous places within the specification such as at page 13, lines 23-24.

New claims 23-33 are supported respectively within originally pending now canceled claims 8-19.

New claim 34 is supported in the specification at page 13, lines 29-30.

New claim 35 is supported in the specification on pages 33 and 34 and specifically on page 34 at lines 21-22.

New claim 36 is supported in the specification such as at page 35 within the formulation shown there.

New claim 37 is supported as per claim 21, 22 and 35 above.

New claims 38-42 are supported in originally pending, now canceled claims 9-13 respectively.

No new matter has been added.

Applicants have attached hereto a substitute specification which incorporates the amendments to the specification put forth within the preliminary amendment filed within the present application. In addition the substitute specification includes appropriate paragraph numbering. No new matter has been added.

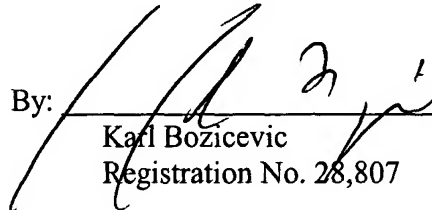

Conclusion

Applicant submits that all of the claims are in condition for allowance, which action is requested. If the Examiner finds that a telephone conference would expedite the prosecution of this application, please telephone the undersigned at the number provided.
